

NIKOLA KREMIC

Software engineer student

About Me

I am a motivated and dedicated individual with a background in air traffic safety, currently focused on enhancing my skills in software and information engineering. I gained experience working as a watch salesperson, where I developed strong communication skills and a commitment to customer support. I possess technical skills in programming, particularly in JavaScript, and my IBM diploma in software fundamentals and modeling.

Experience

Watch D.O.O

2024

I worked as a watch salesperson for six months, where I gained valuable experience in customer service and sales. My role involved assisting customers in selecting the perfect timepiece, providing information on various brands and models, and ensuring a positive shopping experience. This position helped me develop strong communication skills and a keen eye for detail.

Singidunum University

I am currently a third-year student majoring in Software and Information Engineering. I am highly motivated to continue advancing my knowledge and skills in this field, eager to embrace new learning opportunities and challenges that will help me grow professionally.
